## Objective

---

Bilingual computer science student with 3+ years of restaurant experience (steakhouse, Mexican, and casual dining). I bring IT/Web skills in troubleshooting, organization, and clear communication to fast-paced, guest-facing roles. Actively seeking a part-time role while pursuing a bachelor of science in Computer Science.

## Work Experience

---

- |   |                           |
